

Crime Prevention Association of New Brunswick Hall of Fame Award

The Crime Prevention Association of New Brunswick established the Hall of Fame Award in 1996 to recognize the commitment of individuals, communities, and organizations who have made significant contributions in the creation of safer communities.

The Association encourages the involvement of the corporate sector, municipalities, police and commissions, provincial government and the general public in the promotion of crime prevention.

Community safety is important to us all. We would like to encourage the continued participation and contributions made in your community.

With the knowledge you have of your community, please take a moment to consider those you feel are making a significant contribution.
